Discipline and Guidance

In accordance with Minimum Standards for Child Care Centers, Fair Oaks Day School uses only positive methods of discipline and guidance that encourage self-esteem, self-control and self-direction. We believe discipline is teaching, not punishing. We strive to help your child learn positive and appropriate behavior patterns. Instead of focusing on unacceptable behavior, Fair Oaks will use praise and encouragement of good behavior. We will remind children of the behavior expectations daily and redirect behavior using positive statements. We believe that discipline should be individualized for each child. Children may be given a supervised time-out/cooling off period, when appropriate for their age and development. We will never use corporal punishment or threats of corporal punishment. By using only positive guidance, children will be taught skills, which will help them get along in their physical and social environment.

I have read and understand the methods of discipline and guidance that will be used at Fair Oaks Day School. If I have any other questions regarding discipline and guidance, I may obtain a copy of Discipline and Guidance subchapter in the Minimum Standards Rules.
